To all commercial partners of Gusstechnik Schopfheim GmbH & Co. KG

As of September 2026

Regulation (EC) No. 1907/2006 REACH – Registration, Evaluation, Authorisation and Restriction of Chemicals

Dear Sir or Madam,

Regulation (EC) No. 1907/2006 (REACH) governs the registration, evaluation, authorization, and restriction of chemical substances within the European Union. The primary objective of the regulation is to ensure a high level of protection for human health and the environment and to guarantee the safe handling of chemical substances throughout the supply chain.

Gusstechnik Schopfheim GmbH & Co. KG takes the obligations arising from the REACH Regulation seriously and complies with the applicable requirements within the framework of its operational processes and supply chain.

Substances of Very High Concern (SVHC)

Special information requirements apply to so-called Substances of Very High Concern (SVHC) that have been included in the Candidate List of the European Chemicals Agency (ECHA).

The current Candidate List can be viewed on the ECHA website:

Pursuant to Article 33 of the REACH Regulation, suppliers of an article are required to provide their customers with sufficient information to ensure safe use if the article contains a substance on the Candidate List in a concentration exceeding 0.1 percent by weight (w/w). At a minimum, the name of the substance in question must be disclosed. For complex articles, the concentration limit must generally be applied to the respective sub-article.

Gusstechnik Schopfheim GmbH & Co. KG takes into account the information provided by its suppliers as well as the currently valid Candidate List and evaluates this information with regard to the articles it supplies.

If an information obligation under Article 33 of REACH applies to an article we supply, we provide our customers with the information required by law.

To the extent that products we place on the market are subject to a reporting obligation to the SCIP database in accordance with applicable legal provisions, these requirements are also taken into account accordingly.

If you have any questions regarding the implementation of the REACH Regulation within our company, please do not hesitate to contact us.

Kind regards,
Gusstechnik Schopfheim GmbH & Co. KG
